Cut on the black border and tape to the front of the opaque jar. The jar goes in the day before the party, so the sign says 1 DAY TO GO. Then put the jar on a high shelf and say one sentence: "That's for Friday. Nobody touches it."

Lid seals and lid label

Cut out the three strips and tape them over the lid and down the sides so the jar visibly cannot be opened without tearing one. Put the small label on top of the lid. Packing tape over everything. The seals get "broken" when the jar is recovered at the finale.
