FOR THE WALL

Suspect board

Tape this beside the four posters and the four handwritten statement forms. Squads can check it from across the room during deliberation. The Chief is not on it. That's the point.

How the board works

Every station produces one fact about the thief. A fact doesn't point at anyone; it rules people out. Cross off whoever doesn't match. Footprint: size 9. Ghost words: seen in the hall at 2:15. Ransom P.S.: blue sweater. Witness: loves squishies. Every fact comes from the suspects' own statement forms, hanging right here. When everyone on the list is crossed off, ask the only question left: who else filled out a statement? The Detective has one more.

Detective only: the answer key

Footprint clears the Librarian (size 7). Ghost words clear the Principal (off campus 1:00 to 3:00). Blue sweater clears the Custodian (gray). Loves squishies clears the Reading Specialist. The Chief matches all four, and her statement form (in the Detective's folder until 2:28) is the proof the kids pin up last. Cut this box off before you hang the board.
