CASE #1031 · WITNESS STATEMENT MUMMIES ONLY

Statement of the Mummy

I was on the shelf. I'm always on the shelf. Nobody notices a mummy on a shelf. Somebody picked up the Jar, held it very close, reached straight in through all the others, and pulled out **the avocado one**. First try. Without looking. **Only a true fan knows where the avocado is.** They **squeezed it** and whispered, **"so satisfying."** Then they put it back, patted the lid, and **hugged** the whole Jar out the door like a **puppy**. Nobody says "so satisfying" about candy.

THE CLUE

Whoever took the Jar **REALLY likes squishies.**

Who on your list does NOT? Cross them off.

Station lead: what it means

The story (the avocado one, "so satisfying," the puppy hug) is flavor. The clue is printed in the box at the bottom of every statement and again inside the lid of the witness box: **whoever took the Jar REALLY likes squishies**. That's Clue 4. If a squad reads it and says "so... they like squishies?", say: "Write that down, detective."
